Kiwis

During the day	Kiwi Burrow
Open 9am - 5pm	

Rainbow Springs is proud to be home of the Kiwi Burrow and the National Kiwi Hatchery Aotearoa.

This fun, new interactive experience teaches you all about New Zealand's national icon and the recovery efforts undertaken by many to ensure the kiwi remains for future generations.

Stand in a human-sized kiwi burrow, sit in a giant kiwi egg, and see real kiwi in our nocturnal enclosure! Access to the Kiwi Burrow is included with park ticket.

National Kiwi Hatchery Tour Starting Point	

Spot the...

There's so much to see and do! Can you spot these fascinating creatures on your journey around the park?

Join a Guided Tour!

Discover nature's best with a Guided Tour. Included in your Park entry, our informative and entertaining tours take you on a journey of New Zealand's wildlife, flora and fauna. Tours depart regularly – just ask one of our friendly customer team about today's schedule.

Guided Park Tours

Kākā, kea, tuatara, trout... start your day at Rainbow Springs with our guided tour of the Park. Tours are approximately 40 minutes and depart regularly from outside the main entrance building.

National Kiwi Hatchery Tours

Rainbow Springs is proud to be home of the National Kiwi Hatchery Aotearoa, the largest kiwi hatchery in the world! For an extra \$10 per person donation to the National Kiwi Hatchery, you can enjoy a 'behind the scenes' tour of our Hatchery. Learn all about the efforts of our kiwi husbandry team, discover what it takes to hatch a chick... and if you're really lucky, see baby chicks in person!

Kiwi

Did you know?

Females are larger and heavier than males, and lay large eggs – up to 15-20% of their body weight! They're often referred to as an honorary mammal....learn why on our special Kiwi tour.

Tuatara

Did you know?

Tuatara are the only surviving members of an order of reptiles that thrived in the age of the dinosaurs, some 200 million years ago. All species except the tuatara eventually became extinct about 60 million years ago!

Ruru

Did you know?

Ruru (Morepork) have acute hearing and are very sensitive to light. They can turn their head through 270 degrees! How far can you turn your head?

Whio

Did you know?

Whio are featured on the New Zealand \$10 note. Whio are an 'indicator species', only living on clean, fast-running streams and rivers. Where you find whio, you'll find a clean waterway.

Kea

Did you know?

Kea is a parrot – and like all parrots, they have four toes on each foot: two point forward and two point backwards! A flock of kea is known as a circus – what are other groups of animals called?

Kākā

Did you know?

Kākā are social birds, and often flock together squawking in the early morning and late evening. Their amusing antics and raucous voice led Māori to refer to them as chattering and gossiping. A person who gossips is often referred to as kākā wahanui (a kākā with a big mouth!)

Grab-and-go Food

Daily fresh menu for you to enjoy on your journey or to picnic within the park. Ranging from a selection of healthy salads, sandwiches, and more!

Café is open from 9am – 4pm daily

Farm Fun?

Agrodome really is farming fun for the whole family! Don't miss their new Spring arrivals with their Pop Up Nursery - check out the cutest and cuddliest babies in town.

Open daily.
agrodome.co.nz

Big Splash!

Ride it as many times as you wish, although you will have to rejoin the queue at the end of each ride.

Open: 9.30am - 5.30pm
